About the Program

The Faculty Development Program (FDP) is designed to transform teaching practices by equipping faculty members with skills that blend pedagogy, research, innovation, and entrepreneurship. The program ensures that faculty shift from traditional classroom teaching to engaging, problem-driven, and industry-oriented learning methods that prepare students for real-world challenges.

Faculty Development Program

INNOVATION AND DESIGN THINKING

All faculty participants will receive a Certificate of Completion from IIIT Dharwad Research Park after successfully completing the program.

Benefits to Faculty

- Learn to frame real-world engineering problems as classroom projects
- Develop skills to structure problem statements with deliverables
- Inspire solution-oriented, research-driven, and innovation-focused student learning
- Transition pedagogy from “Sage on the Stage” to “Coach and Guide”
- Engage students through mini-projects, idea jams, hackathons, and prototyping
- Build a research and entrepreneurship-oriented faculty mindset

Key Features

- Duration: 2 Days per FDP
- Participants: Minimum 25 faculty
- Mode: Conducted at your Premises
- Certification: Participants will receive a Certificate of Completion

Who Delivers the FDP?

The sessions will be led by IIIT Dharwad Research Park experts

1. **Ram Subramanian**: Serial entrepreneur and VC with ventures in tech, polymers, supply chain, and agriculture; active startup mentor and adjunct faculty at various institutions.
2. **Dr. Deepak K T:** Assistant Professor at IIIT Dharwad, Ph.D. from IIT Guwahati with prior industry experience at NXP and ST Microelectronics and founder of Vocab.ai
3. **Shashidhar Shettar:** PMP-certified IT professional leading Triya Solutions, with global expertise in SCM/ERP and software consulting.

Program Cost

- Rs. 5,000/- per participant + applicable taxes
- Travel, boarding, and lodging of IIIT Dharwad faculty to be borne additionally
